This Cal-Am Notification is submitted to you pursuant to, and in compliance with, Section V.B. of the Amended and Restated Agreement to Form the Monterey Peninsula Water Supply Project Governance Committee (the “Agreement”), as revised November 5, 2013, entered into by and among the Monterey Peninsula Regional Water Authority (“MPRWA”), the Monterey Peninsula Water Management District (“MPWMD”), the County of Monterey (“County”), and the California-American Water Company (“Cal-Am”). Capitalized terms used but not defined herein shall have the meaning set forth in the Agreement.

Cal-Am intends to issue a request for qualifications (“RFQ”) for the procurement of one or more Contracts, valued in excess of \$1 million, relating to the construction of the Raw Water Pipeline, Product Water Pipeline, Terminal Reservoir Infrastructure, Brine Discharge Infrastructure (Pipeline Only), and ASR Infrastructure (Pipeline Only). Pursuant to Section V.D., Category B.1., of the Agreement, the Governance Committee may recommend qualifications and selection criteria for such Contract(s).

Cal-Am has determined this matter is ripe for presentation to, and recommendation by, the Governance Committee. It is Cal-Am’s current intent to issue the RFQ relating to the construction of the Product Water Pipeline and Terminal Reservoir Infrastructure on or about May 26, 2015. The Governance Committee may review and make recommendations relating to the qualifications and selection criteria to be included in the RFQ.

Pursuant to Section V.B. of the Agreement, the Governance Committee shall issue its recommendations, if any, to Cal-Am no later than May 26, 2015. The recommendations should be in writing and sent to Richard Svindland of Cal-Am at richard.svindland@amwater.com.
