

8. Agent Mailing Address 481 EL DORADO ST. MONTEREY CA 93940
9. Agent Contact Numbers (ph/fax/e-mail) (831) 656-0634 Phone/FAX
10. Source of Water (groundwater, ocean, imported, etc.) GROUNDWATER
11. Water Production Facility (well, desal, trucking, etc.) WELL
12. Attach Map: Include area with parcels to be served and location of water supply facilities

SECTION 2 -- APPLICATION TO CREATE WATER DISTRIBUTION SYSTEM

13. Type of System (check one):
 Single-connection system -- see Form IG96-7 for information requirements
 Multiple-connection system -- see Form IG96-8 for information requirements
14. Proposed Uses (check all that apply):
 Residential (potable, drinking water) Single-family X Multi-family (apartment) _____
 Commercial (potable, drinking water) Business type(s) _____
 Irrigation/live-stock (subpotable)
15. Number /Type of Structures (Connections) Served : 3 - SINGLE FAMILY
 Number of acres to be irrigated: N/A (Describe crop) N/A
 Describe live-stock (number, type) N/A

16. Water Production Anticipated: _____ acre-feet per year
 (Note: MPWMD staff will fill this in based on information from #13, 14 and 15)

17. Reliability of Supply (Wells Only). Please describe and/or attach the following:
 Location of well (include Assessor's Parcel Numbers of well site, easements)
 Pump horsepower, pump make, pump type 7 1/2 GRUNDFOS 755 7.5-12
 Estimated well yield in gallons per minute (GPM) 60
 Well depth, well diameter, perforation depths 400', 6", 240-320 & 340-380
 Static water level (include date measured) 153' (12-10-02)
 Attach well logs and results of well capacity tests (see Form IG96-7 or 8 for guidance)
 Attach water quality test results (see Form IG96-7 or 8 for guidance)
 Attach copy of approved permit from Monterey County Health Department to construct well

- N/A 18. Reliability of Supply (Non-Well). Describe water source and production facilities, including reliable yield and water quality testing performed.

19. Interties and Emergency Supply. Please describe the following:
 Proposed interties to any other water distribution system
 Measures to prevent cross-contamination of and backflow to other systems
 Source of emergency water supplies in case of system failure TRUCK WATER FROM SALINAS
 Source of water to meet fire flow requirements
 Requirements of any other system to provide fire flow or emergency supplies

NONE
N/A
CAL AM
N/A

20. **Source of Water Supply.** (Check all that apply) (See Form IG96-11 for guidance)
- Monterey Peninsula Water Resources System (CV alluvial aquifer and Seaside Coastal Subareas)
 - Waters within jurisdiction of State Water Resources Control Board (CV alluvial aquifer)
 - Subsurface source within Carmel River watershed
 - Subsurface source within 1,000 feet from Tularcitos, Hitchcock Canyon, Garzas, Robinson Canyon or Potrero Creeks (additional hydrologic information analysis is required—see worksheet)
 - Other sources (describe): AGUAJITO
21. **Water Rights Information.** Describe and provide documentation regarding:
- Type of water right claimed overlying (see Form IG96-11 for guidance)
 - Basis of water right claim (see Form IG96-7 or 8 for guidance) deed to property
 - If assisted by attorney, attach Form IG96-12, Declaration of Competency
22. **Land Use/CEQA Information.**
- Zoning and land-use designations for affected parcels (available from Monterey County) RE 1 ACRE
 - Status of permit process from jurisdiction planning department, including permits received SEE ATTACHMENT
 - Environmental documents prepared by jurisdiction or other lead agency EIR CERTIFIED
 - Formal action taken by lead agency (e.g., Notice of Determination) RESOLUTION NO. 14,387 C.S.
 - Permits required from other agencies (e.g., Coastal Commission, CPUC)

SINGLE-CONNECTION SYSTEMS (up to 3 homes on 1 parcel): PROCEED to SECTION 5
(Ref: CEQA Guidelines 15301-15305)

23. MULTIPLE-CONNECTION SYSTEM APPLICANTS: COMPLETE the ATTACHED "SUPPLEMENTAL QUESTIONNAIRE", THEN PROCEED to SECTION 5

SECTION 3 -- APPLICATION TO AMEND A WATER DISTRIBUTION SYSTEM

Please refer to Form IG96-10 for guidance.

24. For an existing water distribution system, describe previous MPWMD permits received, if any, including permit number and date issued _____
25. **Existing System Type:** (check one)
- Single-connection system
 - Multiple-connection system
26. **Existing Uses** (check all that apply):
- Residential (potable, drinking water) Single-family _____ Multi-family (apartment) _____
 - Commercial (potable, drinking water) Business type(s) _____
 - Irrigation/live-stock (subpotable)
27. **Existing number/type of structures (connections):** _____
Number of acres now irrigated: _____ (Describe crop) _____
Describe existing live-stock (number, type) _____
28. **Current Water Production Limit:** _____ acre-feet per year
(Note: MPWMD staff will fill this in based on information from #25, 26 and 27 as well as any previous MPWMD permits issued)
29. **Assessor's Parcel Numbers** served by existing system _____

30. Indicate the **number of new connections** requested, and list Assessor's Parcel Number for each new connection. _____
31. Indicate the volume of **new production** requested. _____ acre-feet per year
32. Provide an estimate of **total water production** needed to meet the demand of the proposed project. If more than one connection is requested, include calculations showing how increased demand was estimated. _____ acre-feet total production with amended system

33. Describe **proposed changes** in service area, water source or water production/delivery facilities.

34. Describe **current status of land use approval** for proposed amendment from city or county, and attach that jurisdiction's approval of dedicated water allocation, if applicable.

35. Describe project's compliance with requirements of the **California Environmental Quality Act (CEQA)**, and attach appropriate environmental documentation. _____

36. Describe all **water rights** or water rights claims associated with the project (attach documentation), and describe any proposed modifications to the water rights due to the proposed amendment.

37. If a permit for the proposed amendment is required from **Monterey County Health Department**, attach a copy of the application submitted to MCHD. _____
38. List **unique issues or considerations**, if any, that may pertain to the proposed amendment.

39. List **special conditions, if any, that are proposed** for this permit amendment.

SYSTEMS with FEWER THAN FOUR HOMES ON ONE PARCEL: GO to SECTION 5
(Ref: CEQA Guidelines 15301-15305)

40. SYSTEMS with FOUR OR MORE HOMES MUST COMPLETE the ATTACHED "SUPPLEMENTAL QUESTIONNAIRE", THEN GO to SECTION 5

SECTION 4 -- CREATE OR AMEND MOBILE WATER DISTRIBUTION SYSTEM

See Form IG96-9 for guidance.

(Important Note: Health Department regulations prohibit water delivery for permanent potable supply; applications will be accepted by MPWMD only for subpotable irrigation/live-stock use)

- 41. Address of property(ies) receiving water service _____
(Please provide map)
- 42. Assessor's Parcel Number(s) of property(ies) receiving water _____
- 43. Name of water delivery company _____
- 44. Address of water delivery company _____
- 45. If property is within Cal-Am Water Company service area, describe arrangements made for backflow protection (required) _____
- 46. Delivery company phone/fax numbers _____
- 47. Method of delivery (assume truck unless otherwise specified) _____
- 48. Location/Source of water that is delivered (describe nearest city, river, groundwater basin)

- 49. Is source within MPWMD boundary? _____
Is source within Carmel Valley watershed? _____
Is source within Seaside Basin coastal subareas _____
- 50. If any answer to #49 is "yes", please provide map showing of source water
- 51. Quantity of water to be delivered _____ acre-feet per year or
_____ gallons per year
- 52. Reason for Delivery: (check all that apply)
 - Emergency potable supply/system failure (provide date of emergency _____)
 - Drought
 - Supplemental irrigation water
 - Other
- 53. Duration of Delivery: (Check all that apply)
 - Short-term (describe beginning and ending dates) _____
 - Seasonal (describe season/months) _____
 - Permanent

Form IG96-5, Application for Water Distribution System Permit -- Page 6

SECTION 5, SIGNATURE BLOCK

I declare under penalty of perjury that the information in this application and on accompanying attachments is correct and accurate to the best of my knowledge and belief.

(X) [Signature] JOHN N. JEPSON (X) 26 APRIL 2004
Signature of Applicant (Please sign and print name) Date

[Signature] NASHWAN HANNA 4-26-2004
Signature of Agent (Please sign and print name) Date

Signature of System Owner/Operator (or Mobile Firm) Date
(Please sign and print name)

Pursuant to MPWMD Rule 22-C, please provide name(s) of person(s) "who, at all times, will be available and legally responsible for the proper performance of those things required of a permit holder by this ordinance."

(X) Address of responsible party(ies) 2189 123 STREET

Form IG96-5 Supplement
Supplemental Questionnaire for Water Distribution System Application

NOTE: Attach additional pages, if necessary, to complete each question.

- S1. Does this request rely upon an "Environmental Document", as per the California Environmental Quality Act (CEQA)? If so, please specify the type of Environmental Document that was prepared and provide details regarding its preparation (e.g. notice of preparation, notice of completion, and any public hearing dates).
No
- S2. Has any new information regarding the proposed project, its environmental impacts, the severity of those impacts, mitigations for those impacts, or alternatives become available since the lead agency reviewed the project?
SEE EIR FOR SUBMISSION
No
- S3. Will this request have any significant effects on the environment based upon the Environmental Document or other information? If so, describe the effects and the mitigations, if any, that are proposed to minimize those effects.
No
- S4. Is the source of supply shared by any other water distribution system? Would the addition of the proposed production result in an adverse cumulative impact on the environment?
No
- S5. Does this request rely on any specific hydrologic, geologic, or other technical study? If so, state the name of the study, the date it was finalized, and the principal author or authors. Attach a copy of each study cited.
No
- S6. Have there been any studies done to determine if an alternative water supply is economically feasible and physically available? If so, please describe the alternatives that were identified and the reasons why they were rejected.

CAL-AM IS THE ONLY NEARBY SYSTEM & THEY HAVE NO AVAILABLE WATER

S7. Will the request cause any possible duplication of service with an existing water distribution system?

No

S8. Will the request result in either exportation of water outside of or importation of water into the Monterey Peninsula Water Management District? If so, please specify the quantities that would be either exported or imported.

No

S9. Will the request create or increase an overdraft of ground water, or cause a degradation in water quality due to sea-water intrusion or some other type of contamination?

No

S10. Will this request adversely affect the ability of existing water distribution systems and individual users to produce water?

No

S11. If the request is for an annexation of new territory into an existing water distribution system service area, is the property to be annexed surrounded by, or adjacent to other properties in the service area?

N/A

I declare under penalty of perjury that the information in this questionnaire and on accompanying attachments is correct to the best of my knowledge and belief.

Signature of Applicant; please print name below

4-26-04

Date/Location

Note: The applicant may attach written findings for the Board to review and consider to support the action requested.

Supplemental Questionnaire
Page 2

- S7. Will the request cause any possible duplication of service with an existing water distribution system?
Yes, BUT CCL AM NOT AVAILABLE
- S8. Will the request result in either exportation of water outside of or importation of water into the Monterey Peninsula Water Management District? If so, please specify the quantities that would be either exported or imported.
NO
- S9. Will the request create or increase an overdraft of ground water, or cause a degradation in water quality due to sea-water intrusion or some other type of contamination?
NO
- S10. Will this request adversely affect the ability of existing water distribution systems and individual users to produce water?
NO
- S11. If the request is for an annexation of new territory into an existing water distribution system service area, is the property to be annexed surrounded by, or adjacent to other properties in the service area?
NO

I declare under penalty of perjury that the information in this questionnaire and on accompanying attachments is correct to the best of my knowledge and belief.

Signature of Applicant: please print name below Date/Location

JOHN N NELSON

Note: The applicant may attach written findings for the Board to review and consider to support the action requested.
