23 TO THE MONTEREY PENINSULA WATER MANAGEMENT DISTRICT AND TO THE  
24 BOARD OF DIRECTORS OF THE MONTEREY PENINSULA WATER MANAGEMENT  
25 DISTRICT:

26 WHEREAS, Judgment having been entered by the Superior Court in this action  
27 on June 27, 2005, denying the petition for writ of mandate, and  
28

1           WHEREAS, the Sixth District Court of Appeal having reversed that order on June  
2 23, 2006, and directing that an order granting the writ of mandate be issued from the  
3 Superior Court, and

4           WHEREAS, the Superior Court has entered a Judgment After Appeal directing  
5 the issuance of a peremptory writ of mandate,

6           WHEREFORE, YOU ARE HEREBY ORDERED AND DIRECTED immediately  
7 on receipt of this writ to vacate all approvals of the water use credit transfer from  
8 Assessor's Parcel number 001-016-015 on Foam Street to the City of Monterey, as  
9 further described in the October 18, 2004 action by the Board of Directors, including  
10 any permits or entitlements for that transfer project, and to vacate the approval of a  
11 Class 2 CEQA exemption, Guidelines § 15302, for that project. The Board of Directors  
12 is ordered not to take any further action to approve the water use credit transfer without  
13 the consideration of adverse impacts and "the cumulative impacts of other transfers"  
14 (MPWMD Rule 28-B.1), including consideration of the relevant evidence from which to  
15 make an informed decision, in accordance with the decision of the Court of Appeal in  
16 this matter. The Class 2 CEQA exemption (Guidelines § 15302) is not to be used for  
17 this transfer project. The Board of Directors is ordered not to take any further action to  
18 approve the project without (1) the preparation, circulation, and consideration under  
19 CEQA of a legally adequate environmental determination with regard to the impacts,  
20 including cumulative impacts, of the project, and (2) compliance with regard to the  
21 District's rules, especially rule 28-B.1, which requires the Board of Directors to consider  
22 "the impacts of the [transfer] application under consideration, as well as the cumulative  
23 impacts of other transfers, on the water supply."

25  
26           The return date on the writ shall be within 90 days subject to extension by the  
27 Court upon a showing of good cause.
