

ITEM: PRESENTATIONS

14. UPDATE ON SAN CLEMENTE DAM REMOVAL PROJECT

Meeting Date: January 28, 2015

Staff contact: Larry Hampson

Back to the Future – a new beginning

Winter 1920-21

Summer 2014

Project Benefits

- Resolve dam safety issue
- Remove two dams and a ford to improve fish passage to 25 miles of spawning and rearing habitat between Sleepy Hollow Ford and Los Padres Dam
- Restore ecological connectivity, including movement of aquatic species and re-establishing some sediment delivery from the upper to lower watershed
- 928 acres donated by Cal-Am to the public - to be administered by the U.S. Bureau of Reclamation
