# CERTIFICATE OF REGISTRAR OF VOTERS

In the Matter of the CANVASS OF THE VOTES CAST )  
at the Monterey Peninsula Water Management District )  
held on November 6, 2018 )

I, **Claudio Valenzuela**, Registrar of Voters of the County of Monterey, State of California hereby certify;

**THAT** an election was held within the boundaries of the **Monterey Peninsula Water Management District** on November 6, 2018 for the purpose of submitting **Measure J** to the qualified electors and; I caused to have processed and recorded the votes from the canvass of all ballots cast at said election within the boundaries of the **Monterey Peninsula Water Management District**.

I **HEREBY FURTHER CERTIFY** that the record of votes cast at said election is set forth in Exhibit "A" attached hereto and incorporated herein by reference as though fully set forth at length.

**IN WITNESS WHEREOF**, I have hereunto affixed my hand and official seal this Friday, November 27, 2018 and filed this date with the **Monterey Peninsula Water Management District**.

**Claudio Valenzuela**  
Registrar of Voters

November 27, 2018

Monterey Peninsula Water Management District  
Attention: Arlene Tavani  
P.O. Box 85  
Monterey, CA 93942

**Subject: Certificate of the Registrar of Voters for the November 6, 2018 Election.**

Attached hereto is the Certificate of the Registrar of Voters in connection with the November 6, 2018 Statewide General Election.

Sincerely,

**Claudio Valenzuela**  
Registrar of Voters

Enclosures

## CERTIFICATE OF REGISTRAR OF VOTERS

In the Matter of the CANVASS OF THE VOTES CAST )  
 at the **Statewide General Election** )  
 held on November 6, 2018 )

I, **Claudio Valenzuela**, Registrar of Voters of the County of Monterey, State of California hereby certify;

**THAT** an election was held within the boundaries of the **Monterey Peninsula Water Management District, Division 1 and Division 2** on November 6, 2018 for the purpose of electing **(1) Director, Division 1 and (1) Director, Division 2** to the **Monterey Peninsula Water Management District**, and; I caused to have processed and recorded the votes from the canvass of all ballots cast at said election within the boundaries of the **Monterey Peninsula Water Management District**.

I **HEREBY FURTHER CERTIFY** that the record of votes cast at said election is set forth in Exhibit "A" attached hereto and incorporated herein by reference as though fully set forth at length.

**IN WITNESS WHEREOF**, I have hereunto affixed my hand and official seal this Wednesday, November 27, 2018 and filed this date with the **Monterey Peninsula Water Management District**.

**Claudio Valenzuela**  
 Registrar of Voter

Arlene,

I am a resident of Carmel Valley.

I am writing you to request that you consider appointing Kate Daniels as a Division 5 Board Member to fill the vacancy left by Bob Brower.

Dustin Cook, 26065 Zdan Road, Carmel Valley, 93924.

Thank you for your consideration.

Dustin

**Account number: 1015-210018770787**

**Subject: ADA accommodation/modification request**

**Dear California American Water Company:**

**I request disabled accommodation under the Americans with Disabilities Act.**

**I am disabled by electromagnetic sensitivity. The EMF-emissions from your company's Smart/AMI/AMR meters cause me disabling health effects. My doctor has advised avoidance of RF-EMF-emitting technology including the type of exposure from near proximity of your EMF emitting invoicing tools. I request that Cal-Am modify its policies and allow my residence at my family's home to have a mechanical water meter.**

**I've made repeated requests in the past, as a person disabled by electromagnetic sensitivity, for a mechanical non-transmitting water meter, and I've been assured by Cal-Am personnel that my family did not have an RF meter and Cal-Am wouldn't install one. However, on Oct. 13, Cal-Am personnel came to my house announcing that they were going to install a new Neptune EMF-emitting meter. We refused, reminding them that I needed ADA accommodation due to my disability. The rep said he would not install it and made a note in my family's account file, but said he could not guarantee anything despite that I am qualified for guarantee of my disabled rights. In order to avoid this misunderstanding in the future, we requested that Cal-Am make an appointment for any meter work in the future. Despite my request, on the following weekend, on Oct. 20, Cal-Am personnel came to our house early in the morning and installed a Neptune Smart Meter on our water line without letting us know, making an appointment, or responding to my request for ADA accommodation.**

**I repeatedly contacted Cal-Am customer service due to the immediate disabling health effects I was experiencing following installation. I asked urgently for it to be removed, but I didn't get any call back from Cal-Am. Furthermore, customer service informed me we previously had an RF meter, despite representations to me by the company. They also did not have a local contact phone number for me to call. Finally, on Oct. 28, Cal-Am field rep Danny just arrived at my door, announced he would be removing the wireless unit, and then did so. However, Danny was not authorized or informed to assure me that this would-be accommodation was permanent nor was he able to provide me convincing evidence that all the equipment exacerbating to my disability had been removed.**

**This pattern of failure to acknowledge or formalize my disabled needs is an ongoing and imminent threat to my health and well-being and my rights under the Americans with Disabilities Act and interferes with my doctor's treatment plan for me. On this basis, therefore and on the assertion of my disabled rights, I request reasonable accommodation-that you:**

- 1. Send me written acknowledgement of my disabled status in your files and confirm that the present meter is, and will remain as, a mechanical, non-digital water flow meter.**
- 2. Standardize for me some practice to obtain readings for me which, as a local and monopoly provider of a critical public service, is required and described by examples in the ADA Title II Technical Assistance Manual.**
- 3. Replace the neighbors' meters, using the same manual-read non-digital mechanical measuring practice on properties which touch my family's property or are across the right of way.**
- 4. Ensure that any collector antenna has not been placed near or adjacent to my house, and if so remove or relocate it.**
- 5. Provide me with the engineering schematics showing that this is a purely mechanical meter, and not a digital computer compiling data of some sort through electromagnetic means, means that are or may be exacerbating to my disability.**

**It is urgent that a dialogue can be opened to resolve this matter. Wireless and digital meters substantially exacerbate my condition and constitute a barrier to access to the use and enjoyment of my home. As such, I take very seriously any failure to resolve this matter as a violation of the Americans with Disabilities Act and a violation of State rules for equivalent enforcement of the ADA under local statutes.**

**Please contact me via someone with authority and knowledge to effect a meaningful dialogue under the state and federal rules and to effect a reasonable and swift resolution of this matter. I have all the proper medical qualifications that I am "actually" disabled by Electromagnetic Sensitivities, a condition formally recognized at ADA.gov's policy arm, The Access Board (<https://www.access-board.gov/research/completed-research/indoor-environmental-quality>). I am requesting accommodation and the modification of your policy and immediate contact about how you intend to proceed for the resolution of this issue.**

**If California American Water Company does not respond promptly with a policy statement and an achievable solution for me, I will immediately file a civil rights complaint at the State office empowered to enforce disabled access and rights.**

**Sincerely**

**Nina Beety  
831-655-9902**

Chair Clarke and Members of the Board of Directors:

I understand that you will consider the appointment of a new director to an open seat on Monday. I write in support of Ms. Daniels and to encourage the Board's favorable consideration of her to that appointment.

As many of you may know I was honored to serve as a Superior Court Judge in our County from 1977 to 2002. During this time I was involved in many of the legal issues involving our water supply, both on the Peninsula and the Salinas Valley, and with the unique environmental issues that make this County such a wonderful place to live but which also need our continual vigilance to preserve and protect. In that regard I presided over the first case brought by the State relative to the Carmel Valley River and signed the Settlement Agreement that provided the time and incentive to develop other critical water projects. We all know the issues and delays that followed and the present critical need to act now or jeopardize the water supply to the Peninsula. Over the years I continued to be involved in those issues. In addition I presided over the water related issues in the Salinas Valley and the problems of salt water intrusion. Suffice it to say "water" and "the environment" were a major part of "my life" on the Bench and, since my retirement, have been a continued focus of my concerns whether privately or in various cases that I have assisted in mediating. All of us living on the Peninsula and in the County must work together to seek and analyze solutions that meet the very Mission of MPWMD and to offer our cooperative support to the Board. I believe my background has provided me a unique insight into these issues.

So, why do I support Ms. Daniels?

I have known her since she was born at Community Hospital many years ago. I have watched her grow, mature, and develop into an extremely bright, caring, and concerned member of our community.

Kate has always approached all issues in her life with energy, a "problem solving attitude", and an abundant concern for the area in which we all live whether it be the "human needs" or the importance of the plant and animal life that thrive in our County. Continuing the progress that the Board has made in the last years and understanding the dynamics and responsibilities moving forward both with the passage of Measure J and separately needs leadership with that energy, cooperative spirit, willingness to listen to all solutions, and a knowledge base upon which to build viable solutions.

I firmly believe that Kate will bring all of these attributes to the Board. She has lived in District 5 all of her life. Her work with Supervisor Adams over the last few years had provided her with the knowledge base to understand not only the needs of District 5 but all areas within the MPWMD area of concern. I know from my many discussions with her that she is not wedded to a particular result but to the best result for the district and County. She has a unique ability to listen to all positions and, just as importantly, help to guide and build consensus for fiscally and environmentally appropriate solutions.

Finally, she will never be just a “sit back” and let others do the hard work type of person. She has always “rolled up her sleeves” and been willing to get down into the trenches to do what is necessary to find solutions that work for all of us. Whatever it may be, she takes her responsibilities seriously.

I trust in her judgment. I hope that you will also. For these reasons I strongly urge your favorable consideration of her for the vacant seat.

Thank you.

Richard Silver, Judge (ret.)

**Submitted by R. Boskoff at 11/19/18 Board Meeting  
Item 13**

November 16, 2018

Andrew Clarke, Chair, and Members of the Board  
Monterey Peninsula Water Management District  
P.O. Box 85  
Monterey, CA 93942-0085

Re: Item 13, Agenda of November 19, 2018

Dear Chair Clarke and Members of the Board:

You have an important decision to make tonight. You must appoint someone to replace former Director Bob Brower, who worked tirelessly for many years to find solutions to our water supply problem. Bob was a balanced voice on the board, who always promoted water solutions that were in the best interest of the community; both for the residents and businesses.

While a number of capable people have indicated their interest, you should keep in mind that arguably the most critical task facing your Board right now is implementation of Measure J. That implementation is critical to the future well-being of all district residents, businesses and commercial operations, not to mention local governments.

Measure J begins with commissioning a thorough and exhaustive water system purchase feasibility study followed by careful analysis of that study. It is vital that the feasibility study be impartial and fair. In order to ensure this and have the confidence of those you serve, you must have a diversity of viewpoints represented on your Board so all community interests are represented.

You should pick a new Board member who can contribute to the commissioning of the feasibility study and has experience in the water topic and knowledge that can be of value based on the critical tasks that lie ahead. It is important that the candidate you select has the same similar preceptive and values that Bob Brower held during his years of service,

who served our diversified community well since 2007. He was one who supported a long-term sustainable water supply solution.

In short, you should pick someone who is fair, balanced and unbiased, and who can demonstrate an understanding of the various issues facing our community and can demonstrate a commitment to solving our dire need for a sustainable, safe, secure and stable water supply. All have worked hard the last eight years to secure that solution which is the water supply project. Anything short of supporting and assisting in the project becoming a reality would be a tremendous disservice to our community. The project supports equality for all, affordable and workforce housing, downtown redevelopments to occur, lots of record by private owners to finally have the water they legally have the right to. Most important, the CDO will be satisfied and our community will no longer be living in water poverty. The deadline is near, 2021, yes this appointment is critical and the right person, given our comments above, must get your vote.

Very truly yours,

Rene Boskoff  
Member, Coalition of Peninsula Businesses

John V. Narigi  
President, Coalition of Peninsula Businesses
