

EXHIBIT 23-A

From August 22, 2022 Public Outreach Committee Meeting:

Recommended Additional Projects: (outside of the Proposed Scope of Work)

While the Proposed Scope of Work is a comprehensive piece based upon our discussion, XXX has identified four other important pieces that should be considered as part of your overall public outreach plan. While these items were discussed as needs, they have been categorized as individual projects that can easily be addressed to maintain a cohesive organizational voice. Project costs will be determined upon request.

▪ **Website**

- Creative direction and project management of current website
- Additional search engine optimization, email marketing and on-line facilitation with current vendor
- Refreshed and additional content development and postings of relevant material and coverage from and of events, the media and the MPWMD
- Monthly email marketing campaign to customers, key stakeholders, media and partner databases
- Implementation of a online blog designed to enhance SEO and provide fresh content

Direction:

In today's world, a company or organization's website is a critical component of the public outreach process. The general public must feel that the company is investing back into itself by utilizing current best practices and the company's partners need to feel that they have something to gain by aligning themselves with said company. The website also serves as an accurate and real-time platform for delivering your message. Additionally, the wealth of information and data that can be gained by a modern, interactive website is an important piece of the public information puzzle.
