

This meeting has been noticed according to the Brown Act rules. The Board of Directors meets regularly on the third Monday of each month, except in January and February. The meetings begin at 6:00 PM, unless otherwise noted.

AGENDA
Special Meeting
Board of Directors
Workshop on Proposed FY2024-25 Budget
Monterey Peninsula Water Management District

Thursday, May 30, 2024 at 6:00 p.m. [PST]

Meeting Location: MPWMD – Main Conference Room
5 Harris Court, Building G, Monterey, CA 93940

[This is an In-Person meeting. Remote participation may be offered via Zoom, but this is optional as connectivity cannot be assured and thus is not a necessary requisite for the meeting to proceed in-person.]

To Join via Zoom- Teleconferencing means, please click the link below:
<https://mpwmd-net.zoom.us/j/82202412695?pwd=aag28sRQ5pG2lNVfQlhVvRPSisIqNX.1>

Or join at: <https://zoom.us/>
Webinar ID: 822 0241 2695
Passcode: 053024

To Participate by Phone: (669) 900-9128

For detailed instructions on how to connect to the meeting, please see page 3 of this agenda.

ADDITIONS AND CORRECTIONS TO THE AGENDA – *The General Manager will announce agenda corrections and proposed additions, which may be acted on by the Board as provided in Sections 54954.2 of the California Government Code.*

DISCUSSION ITEMS – *Discussion Only. No action will be taken by the Board. Public Comment will be received. Please limit your comments to three (3) minutes per item.*

- Review Proposed MPWMD Fiscal Year (FY) 2024-2025 Budget and Resolution 2024-07

Recommended Action: The Board will review the proposed budget for FY 2024-2025. General direction will be given to staff, but the Board will take no formal action. The Board is scheduled to consider adoption of the budget at the regular monthly meeting on Monday, June 17, 2024. Some issues the Directors may discuss in relation to the proposed Budget could be brought forward for further consideration at future meetings of the Board.

ADJOURNMENT

Board Meeting Schedule		
Monday, June 17, 2024	Regular	6:00 p.m.
Monday, July 15, 2024	Regular	6:00 p.m.

Accessibility
In accordance with Section 202 of the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12132), MPWMD will make a reasonable effort to provide written agenda materials in appropriate alternative formats, or disability-related modification or accommodation, including auxiliary aids or services, to enable individuals with disabilities to participate in public meetings. MPWMD will also make a reasonable effort to provide translation services upon request. Submit requests at least 48 hours prior to the scheduled meeting date/time to Sara Reyes, Board Clerk by e-mail at sara@mpwmd.net or at (831) 658-5610.
Provide Public Comment at the Meeting

Attend In-Person

The Board meeting will be held in the Main Conference Room at **5 Harris Court, Building G, Monterey, CA 93942** and has limited seating capacity. Face coverings are encouraged, but not required. Please fill out a speaker card for each item you wish to speak on, and place in the speaker card box next to the Board Clerk.

Attend via Zoom: See below “Instructions for Connecting to the **Zoom Meeting**”

Submission of Public Comment via E-mail

Send comments to comments@mpwmd.net with one of the following subject lines "PUBLIC COMMENT ITEM #" (insert the item number relevant to your comment) or “PUBLIC COMMENT – ORAL COMMUNICATIONS.” Staff will forward correspondence received to the Board. Correspondence is not read during public comment portion of the meeting. However, all written public comment received becomes part of the official record of the meeting and placed on the District’s website as part of the agenda packet for the meeting.

Submission of Written Public Comment

All documents submitted by the public must have no less than fifteen (15) copies to be received and distributed by the **Clerk** prior to the Meeting.

Document Distribution

In accordance with Government Code §54957.5, any materials of public record relating to an agenda item for a meeting of the Board of Directors that are provided to a majority of the members less than 72 hours before the meeting will be made available at the **District Office, 5 Harris Court, Building G, Monterey, CA** during normal business hours. Materials of public record that are distributed during the meeting shall be made available for public inspection at the meeting if prepared by the Board or a member of its legislative/advisory body, or the next business day after the meeting if prepared by some other person.

Instructions for Connecting to the **Zoom Meeting**

The public may remotely view and participate in the meeting to make public comment by computer, by phone or smart device.

Please log on or call in as early as possible to address any technical issues that may occur and ensure you do not miss the time to speak on the desired item. Follow these instructions to log into Zoom from your computer, smart device or telephone. (Your device must have audio capability to participate).

To Join via Zoom- Teleconferencing means, please click the link below:

Webinar ID: 822 0241 2695

Passcode: 053024

To Participate by Phone: (669) 900-9128

- 1. Use the “raise hand” function to join the queue to speak on the current agenda item** when the Chair calls the item for Public Comment.

COMPUTER / SMART DEVICE USERS: You can find the raise hand option under your participant's name.

TELEPHONE USERS: The following commands can be entered using your phone’s dial pad:

- *6 – Toggle Mute / Unmute

- *9 – Raise Hand
2. Staff will call your name or the last four digits of your phone number when it is your time to speak.
 3. You may state your name at the beginning of your remarks for the meeting minutes.
 4. Speakers will have up to three (3) minutes to make their remarks. *The Chair may announce and limit time on public comment.*
 5. You may log off or hang up after making your comments.

Refer to the Meeting Rules to review the complete Rules of Procedure for MPWMD Board and Committee Meetings:

ITEM: DISCUSSION ITEM

1. REVIEW PROPOSED MPWMD FISCAL YEAR 2023-2024 BUDGET AND RESOLUTION 2024-07

Meeting Date:	May 30, 2024	Budgeted:	N/A
From:	David J. Stoldt, General Manager	Program/ Line Item No.:	N/A
Prepared By:	Nishil Bali	Cost Estimate:	N/A

General Counsel Review: N/A

Committee Recommendation: N/A

CEQA Compliance: This action does not constitute a project as defined by the California Environmental Quality Act Guidelines Section 15378.

SUMMARY: The proposed budget for Fiscal Year (FY) 2024-2025 is attached as **Exhibit 1-B**. While preparing the proposed budget, District staff was mindful of the current status of the District's four main funding sources - User Fee Revenue, Property Tax Revenue, Water Supply Charge, and Pure Water Monterey (PWM) water sales. This budget assumes the continuation of the adopted annual Water Supply Charge and the User Fee revenue from ratepayers of California American Water in FY 2024-2025. Proposed expenditures and revenues each total \$42,859,718, which is higher than the FY 2023-2024 revised mid-year expenditures and revenues by 3.34%. A more detailed justification of the proposed budget is provided in the transmittal letter which is part of the budget document. This proposed budget does not include the use of reserves to balance the proposed budget. Instead, the Water Supply Charge (WSC) has been utilized for Water Supply expenditures. Depending on the outcome of the ongoing litigation, the District may use its general reserves to reimburse any WSC collections for FY 2024-25.

RECOMMENDATION: Staff recommends that the Board discuss the proposed FY 2024-2025 budget and give general direction to staff to prepare the final budget document for adoption at the June 17th Board Meeting. No formal action is required at this meeting.

BACKGROUND: After compilation of the original requests from all Divisions, a detailed review and several adjustments by Division Managers and the General Manager, this budget is being proposed with expenditures and revenues for FY 2024-2025, totaling \$42,859,718, of which \$14,082,218 or 32.8% includes reimbursement funds from grants, California American Water and other agencies. It also includes \$14,619,500 for PWM water sales. Additionally, general reserves in the amount of \$500,000 (includes carryforward programs) was used to balance this budget.

In the past, District budgets had been balanced by the use of previously accumulated reserves. At the January 19, 2005 budget workshop, the Board adopted an eight-part strategy for balancing the FY 2005-2006 Budget. In being mindful of the 2005 board-adopted strategy, a balanced FY 2024-25 budget is being presented to the Board that maintains all of the District's programs, services, and its adopted strategic goals.

RESOLUTION NO. 2024-07

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE
MONTEREY PENINSULA WATER MANAGEMENT DISTRICT
ADOPTING THE BUDGET FOR FISCAL YEAR 2024-2025**

WHEREAS, the General Manager has proposed a budget for Fiscal Year 2024-2025, a copy of which is on file at the District's office; and

WHEREAS, the Board of Directors has examined, and deliberated on, the budget during meetings held on May 30, 2024 and June 17, 2024.

NOW, THEREFORE BE IT RESOLVED by the Board of Directors of the Monterey Peninsula as follows:

1. That the said budget as presented at the June 17, 2024 Board of Directors Meeting is hereby approved and adopted as the budget for the Monterey Peninsula Water Management District for Fiscal Year 2024-2025.
2. That the General Manager may delegate the authority to implement this resolution to the Administrative Services Manager/Chief Financial Officer.
3. That the General Manager is authorized and directed to transfer funds from one activity to another within a given fund, and from one Division to another Division, as such times are appropriate, in accordance with generally accepted accounting principles and consistent with the objectives outlined in the approved budget.
4. That any contract for professional services, or other expenditures for procuring equipment, supplies or services, included in the budget that exceeds \$25,000 shall be executed by the General Manager upon approval by the Board of Directors at a meeting of the Board of Directors and pursuant to the District's Purchasing Policy adopted on April 15, 2024.

PASSED AND ADOPTED on this 17th day of June 2024 on a motion by Director _____ and seconded by Director _____ by the following vote, to wit:

AYES:

NAYS:

ABSENT:

I, David J. Stoldt, Secretary to the Board of Directors of the Monterey Peninsula Water Management District, hereby certify that the foregoing is a resolution duly adopted on the 17th day of June 2024.

RESOLUTION NO. 2024-07

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE
MONTEREY PENINSULA WATER MANAGEMENT DISTRICT
ADOPTING THE BUDGET FOR FISCAL YEAR 2024-2025**

WHEREAS, the General Manager has proposed a budget for Fiscal Year 2024-2025, a copy of which is on file at the District's office; and

WHEREAS, the Board of Directors has examined, and deliberated on, the budget during meetings held on May 30, 2024 and June 17, 2024.

NOW, THEREFORE BE IT RESOLVED by the Board of Directors of the Monterey Peninsula as follows:

1. That the said budget as approved at the June 17, 2024 Board of Directors Meeting is hereby approved and adopted as the budget for the Monterey Peninsula Water Management District for Fiscal Year 2024-2025.
2. That the General Manager may delegate the authority to implement this resolution to the Administrative Services Manager/Chief Financial Officer.
3. That the General Manager is authorized and directed to transfer funds from one activity to another within a given fund, and from one Division to another Division, as such times are appropriate, in accordance with generally accepted accounting principles and consistent with the objectives outlined in the approved budget.
4. That any contract for professional services, or other expenditures for procuring equipment, supplies or services, included in the budget that exceeds \$25,000 shall be executed by the General Manager upon approval by the Board of Directors at a meeting of the Board of Directors and pursuant to the District's Purchasing Policy adopted on April 15, 2024.

PASSED AND ADOPTED on this 17th day of June 2024 on a motion by Director _____ and seconded by Director _____ by the following vote, to wit:

AYES:

NAYS:

ABSENT:

I, David J. Stoldt, Secretary to the Board of Directors of the Monterey Peninsula Water Management District, hereby certify that the foregoing is a resolution duly adopted on the 17th day of June 2024.

Dated:

David J. Stoldt
Secretary to the Board

June 17, 2024

Chair Anderson and Board Members
 Monterey Peninsula Water Management District
 5 Harris Court, Building G
 Monterey, California 93940

Dear Chair Anderson and Board Members:

Budget Overview

This letter transmits the recommended budget for Fiscal Year (FY) 2024-2025. While preparing the budget, District staff was mindful of economic conditions and the current status of the District’s existing funding sources, including the water supply charge revenue. In preparing this year’s budget, staff adhered to the strategy to adopt balanced budgets as directed by the Board of Directors in 2005. The FY 2024-2025 Budget includes funding to maintain the District’s current programs and services and achieve the District’s strategic priorities for the next fiscal year. It includes continued collection of the User Fee revenue from ratepayers of California American Water. This budget also includes revenue and expenses related to the billing of Pure Water Monterey (PWM) water sales. This budget includes the continued collection of the Water Supply Charge (WSC) revenue for FY 2024-25. Depending on the outcome of the ongoing litigation, the District may use its general reserves to reimburse any WSC collections for FY 2024-25.

After compilation of the original requests from all Divisions, a detailed review, and several adjustments by Division Managers and General Manager, the proposed budget includes expenditures and revenues for FY 2024-2025 totaling \$42,859,718, of which \$14,082,218 or 32.8% are reimbursable funds from California American Water ratepayers, State and Federal grants, and reimbursements from other agencies.

Expenditures

As shown in the chart on the right and in the expenditures portion of the FY 2024-2025 Budget, the budgeted expenditures of \$42,859,718 are higher than the revised mid-year budget for FY 2023-2024. The project expenditures portion of the budget includes \$3,997,130 towards water supply projects Aquifer Storage Recovery 1 & 2 and Pure Water Monterey (Groundwater Replenishment Project), Local Water Projects, other Water Supply Projects, mitigation projects, and non-reimbursable conservation and rebate program

activities. It also includes \$13,983,216 towards reimbursable project costs. The reimbursable project expenditure budget includes funds for the operation of Aquifer Storage Recovery (ASR) 1 & 2 and well rehabilitation, PWM Expansion project, Sleepy Hollow Intake construction, Integrated Regional Water Management (IRWM) Implementation Projects, and conservation rebate program costs. In addition, it also includes \$14,619,500 towards PWM water purchase costs.

Major budget changes from FY 2023-24 include \$1,950,000 for Monterey Water System Acquisition expenses, \$1,670,800 to purchase water for the District’s PWM operating reserve, and \$250,000 for election expenses. Other major project expenditures include \$150,000 towards Urban Water Management Plan, \$100,000 for the review of mitigation measures, \$100,000 for local water projects, \$483,248 for the operation of the Sleepy Hollow fish rearing facility and related fish rescue activities, \$264,500 for lagoon and hydrologic monitoring, \$2,471,693 for IRWM Implementation Projects, \$266,000 for conservation-related activities, and \$370,000 for water conservation rebates. The rebate amount is reimbursable by Cal-Am ratepayers. The project expenditure budget also includes \$10,107,500 for PWM expansion project that is funded by two grants.

The budget for legal expenses is \$400,000, which remains unchanged from the previous fiscal year. FY 2024-2025 Budget also includes a 3-Year Capital Improvement Project Forecast.

Revenues

The FY 2024-2025 revenue budget totals \$42,859,718 which is slightly higher than the revised budget for FY 2023-2024. The change is primarily due to reimbursement from grant-funded projects. This budget includes continued collection of the User Fee revenue in the amount of \$6,600,000 from ratepayers of California American Water. This User Fee revenue projection is based on an estimated collection of revenues by California American Water. Property tax revenues are projected to be \$2,700,000 which is higher than the amount budgeted in FY 2023-2024. This budget assumes collection of the previously adopted Water Supply Charge in the amount of \$3,400,000 for FY 2024-2025. PWM water sales revenue in the amount of \$14,619,500 is based on 3,500 ac. ft. of water delivery. Capacity Fees are estimated to be \$300,000 and permit revenues are budgeted at \$198,000, both projected at the same level as prior fiscal year. Projected revenues also include reimbursements of \$823,950 from Cal-Am ratepayers for ASR 1 and ASR 2 operational costs, \$370,000 from Cal-Am ratepayers for rebates, \$39,600 for services provided to the Seaside Basin Watermaster, and approximately \$12.58 million in grant funds. The carryforwards are non-reimbursable project funds that were budgeted but not spent in the prior fiscal year. The carryforward amount from unspent non-reimbursable projects included in this budget is \$500,000.

Reserves

There are changes to reserve balances as a result of the proposed budget. The following table summarizes the projected ending balances in the reserve accounts:

Reserves	Estimated Balance	FY 2024-2025	Projected Balance
	6/30/2024	Changes	06/30/2025
Litigation/Insurance Reserve	250,000		\$250,000
Capital Reserve	1,525,100	313,000	\$1,838,100
Flood/Drought Reserve	500,000		\$500,000
Pension Reserve	600,000	100,000	\$700,000
OPEB Reserve	600,000	100,000	\$700,000
Water Supply Charge Reserve	\$3,400,000		\$3,400,000
General Operating Reserve (projected)	17,341,080	116,511	\$17,457,591
Totals	\$24,216,180	\$629,511	\$24,845,691

As the table above indicates the general reserve is expected to have a balance of approximately \$17.46 million or 61.86% of the operating budget. The total *estimated* reserves for FY 2024-25 will be \$24.86 million. The proposed budget includes \$313,000 set aside for capital reserves and \$100,000 each for the Pension and Other Post Employment Benefit reserves.

Major Changes

In the revenue section, PWM Water Sales revenue is higher due to an increase in water rates. The proposed FY 2024-25 budget continues to see increases in grant revenue due to deferred project spending in FY 2023-24. This is related to the grants for the PWM Expansion project and an expected \$2.56 million in revenue from IRWM grants.

In the expenditure section, key budget changes from FY 2023-24 include \$1.95 million for Monterey Water System Acquisition and \$1.68 for the District’s PWM operating water reserve. Reimbursable projects from the PWM and IRWM grants, Cal-Am, and ASR reimbursements make up about \$13.98 million of expenditures.

Respectfully submitted:

David J. Stoldt
General Manager

Nishil Bali
Chief Financial Officer/
Administrative Services Manager

MISSION STATEMENT

Sustainably manage and augment the water resources of the Monterey Peninsula to meet the needs of its residents and businesses while protecting, restoring, and enhancing its natural and human environments.

VISION STATEMENT

Model ethical, responsible, and responsive governance in pursuit of our mission.

Introduction

In Monterey County, there is no issue that causes more discussion than water supply and management. Whether it is Steelhead on the Carmel River, slant wells in Marina, or agricultural supply in the Salinas Valley, everyone has an opinion on water. In the past several years, however, one opinion shared by the majority of the Monterey Peninsula has been the positive presence and stability of the Monterey Peninsula Water Management District.

Originally formed in 1978 to provide a water supply solution, to promote water conservation, and to perform environmental stewardship, the Water Management District, has continually strived to meet the ever-changing needs of the community while staying true to its enabling legislation. Many people forget that in the late 1980s and early 1990s, the District introduced two separate water supply projects that would have provided well over 20,000 acre-feet of water per year and permanently solved the Monterey Peninsula’s current water supply issues. These two projects, among others, were either voted down or abandoned for lack of community or legislative support.

A Focus on Water Supply

Nevertheless, the District persisted in its goal of creating new water and did so by creatively examining where this water could be found. From the design of the Paralta Well and the creation of the Pebble Beach Reclamation Project, to the establishment of Aquifer Storage and Recovery and Pure Water Monterey Projects, the Water Management District is responsible for over 7,000 acre-feet of new water supply for the Monterey Peninsula. Last year, the District successfully brought approval of an Expansion to Pure Water Monterey which will add another 2,250 acre-feet of supply by 2025. This renewed focus on water supply is evidenced by the changing face of the District’s expenditures.

As shown in the chart above, the District's expenditures on water projects (green segment in chart) has been a steady \$5 to \$20 million each year recently. What's more, beginning in 2020 with the completion of Pure Water Monterey, the District's expenditure on purchased water for resale to Cal-Am (dark blue in chart) has gone from \$6 million to almost \$14.62 million expected in FY 2024-25.

Since 2013, the District has spent over \$45 million out-of-pocket on water projects, and sought State and Federal grants and loans for over \$100 million more.

Conserving at the Same Time

While the District was working on new water, it was also focused on making better use of the Monterey Peninsula's existing water supply through conservation. The State Water Resources Control Board Order in 1995, compelling the local water retailer to reduce its illegal pumping from the Carmel River, was an initial motivating factor in these efforts, but it was the recent drought that truly brought the public's acceptance of reduced water use to its current level. Through its outreach and legislative efforts, the District helped the Monterey Peninsula reduce its overall water consumption by almost 35%. From 1997 through 2024, the residents and businesses in the area decreased usage from 15,000 acre-feet of water per year to below 9,500. The methods range from rebates for water-efficient appliances and fixtures and the distribution of thousands of free water-saving devices to mandatory retrofits for commercial properties and updated outdoor irrigation regulations. Most importantly is the fact that the tremendous reduction in use was done without rationing, a common tactic used by water agencies during times of drought.

Environmental Stewardship

The Monterey Peninsula is one of the most beautiful places in the country. That's why millions of visitors travel here each year and its residents are fiercely protective of its natural environment. What if the private water company tasked with supplying water to those residents, businesses, and visitors was illegally over-drafting the area's water sources and endangering flora and fauna along the way?

Luckily, the Water Management District had the legislative oversight necessary to help mitigate over-pumping of the Carmel River and Seaside Basin. That plan, executed by the biologists and engineers at the Water Management District has been responsible for multiple projects including repairing streambanks of the Carmel River to prevent erosion as well as restoring the riverbeds and surrounding habitat to improve conditions for the fish and animals that live there. The District's Steelhead Rescue Team has been responsible for saving thousands of the endangered fish relocating them in the river or allowing them to flourish and grow at the Sleepy Hollow Fish Rearing Facility before their release back into the wild. Additionally, District scientists are employing state-of-the-art monitoring technology to learn more about how to preserve the species.

Transparency

With so much change in local and regional public agencies, the Water Management District has enjoyed unprecedented stability over the past several years. Drawing on renewed mission, values, and vision statements, the special district's staff and Board of Directors have created a culture of transparency and honest communication with its constituents, businesses, and other organizations

and municipalities. Tough decisions are part of any public agency's day, but when those decisions involve a critical public service like water, they become that much more important. Prior to making those decisions at the committee and board levels, the District often meets with the public to receive their input before formally discussing and voting on the issue at hand. As stewards of the public's money, the Water Management District takes its budgeting and accounting process extremely seriously. The reporting of this fiscal responsibility has earned the District back-to-back Certificates of Achievement in Financial Reporting from the prestigious Government Finance Officers Association of the United States and Canada and a certificate honoring its transparency from the California Special Districts Association.

The District continues to serve the needs of the residents, businesses, and organizations on the Monterey Peninsula with stability, transparency, and honesty. While the personalities of its Board of Directors may change, the District is steadfast in its commitment to its mission: promote or provide for a long-term sustainable water supply, and to manage and protect water resources for the benefit of the community and the environment.

Monterey Peninsula Water Management District
2024 Strategic Goals and Objectives
Adopted May 20, 2024

Near-Term Goals (1-Year)

Goal #1: Continue planning and implementation for protecting and increasing water supply

Objectives:

- Partner with Monterey One Water to ensure completion and funding of Pure Water Monterey Expansion in 2025.
- Allocate a portion of new supply to the jurisdictions by end of 2024.
- Engage State Water Board on lifting of Cease and Desist Order (CDO) & moratorium on new meters beginning by January 2025.
- Engage more with Marina Coast Water District, City of Seaside, and Watermaster on Seaside Basin issues.
- Maintain focus on long-term supply and demand issues to inform additional water supply needs.

Goal #2: Implementation of the public’s ownership of Monterey Water System as directed by the voters

Objectives:

- Pursue “bench trial” on the public’s “right to take”, including discovery and due diligence.
- Expand public outreach, including press releases upon milestones; regular updates from District Counsel.
- Contingency and mitigation planning if “right to take” proceeding is interrupted.
- Plan for financing, rates, staffing, and operations.

Goal #3: Improve public engagement and maintain leadership role on water issues

Objectives:

- Be the knowledgeable source for reliable information on supply, demand, drought, and other local water issues needed by public, media, and regulators.
- Continue to raise the District’s profile and instill public trust.
- Support objectives of public’s acquisition of Monterey Water System through public outreach.
- Better publicize environmental activities of the District.
- Coordinate/Communicate w/ other water management agencies on a regional basis.
- Explore new avenues of public engagement, such as social media or “town hall” meetings.

Goal #4: Pursue effective environmental stewardship, especially in consideration of climate change

Objectives:

- Review Carmel River mitigation program requirements and provide guidance for going forward.
- Monitor follow-up to Los Padres Dam & Reservoir Alternatives study; Balance environmental and ratepayer impacts.
- Add climate change/climate action to District planning functions.
- Consider sustainability actions or projects the District can undertake internally.

Goal #5: Protect, enhance and maintain District's financial health

Objectives:

- Ensure fiscal stability in support of litigation activities, Pure Water Monterey reserve accumulation, election expenses, other.
- Regularly report on exposure, risk policy, grants.
- Annually review reserve policy and potential reductions in revenue collections.
- Maintain GFOA award and CSDA transparency certificate of compliance.
- Continue to develop strategy for PERS and OPEB liabilities in budget planning.

Goal #6: Implement organizational changes to strengthen District management

Objectives:

- Create job description and hire Assistant General Manager.
- Prepare for new reporting standards and existing data needs.
- Evaluate succession planning needs.
- Evaluate change in District policies to maintain and lure talented employees.
- Negotiate labor agreements.

Longer-Term Goals (2-3 Years)

Goal #7: Recognize the longer-term goals and objectives that arise from near-term goals

Objectives:

- Maintain focus on long-term supply and demand issues to inform additional water supply needs.
- Prepare for requirements of valuation trial for public's ownership of the Monterey Water System.
- Implement changes to Carmel River mitigation program requirements.
- Add climate change/climate action to District planning functions.
- Monitor fiscal stability of District, establish reserve policy, review revenue collections, and plan for liabilities.

BUDGET PROCESS CALENDAR

FISCAL YEAR 2024-2025

<i>2024 Target Dates</i>	<i>Action</i>	<i>Responsibility</i>
March 26	Budget Memorandum and Forms Distributed	Administrative Services
April 16	Budget Request Forms Due to ASD	Division Managers
April 30 - May 3	Budget Review Sessions	Team Management
May 20	Board Sets Appropriation Limit	Board of Directors
May 30	Proposed Budget Presented to Board/ Budget Workshop	Board of Directors
June 17	Board Adopts Budget	Board of Directors

EXPENDITURES

In this section:

- EXPENDITURE SUMMARY CHART

Water Resources

The Planning and Engineering Division activities include review and investigation of proposed water supply projects, evaluation of proposed Carmel River water rights decisions, preservation of existing District water rights, coordination of Water Distribution System permits, implementation of portions of the Carmel River Mitigation Program, and coordination of water resource management throughout the District.

- Water Supply – Analysis of impacts and benefits of proposed water supply projects; review and completion of environmental compliance documents under the California Environmental Quality Act and National Environmental Policy Act); completion of Engineer’s Reports;
- Water Rights – Coordinate District review of proposed Carmel River water rights issued by the State Water Resources Control Board; track and preserve existing District water rights; prepare applications for changes to District water rights;
- Water Distribution System (WDS) permits – Review and process applications for WDS permits; make determinations of level of review; coordinate staff, consultant, and District Counsel work on WDS permits; prepare findings; issue WDS permits;
- Carmel River Mitigation Program – Conduct Carmel River restoration projects, including problem assessment, design, bid preparation, permit acquisition, construction management, and project monitoring; install, operate, and maintain high-volume irrigation systems along 15 miles of the lower Carmel River; monitor and assess streamside conditions; provide technical assistance to river front property owners; determine erosion potential; enforce District rules for the Carmel River; assist the Water Resources Division with steelhead rescues and Sleepy Hollow Steelhead Rearing Facility operations; provide technical analysis and advice to agencies responsible for Carmel River lagoon management;
- Integrated Regional Water Management (IRWM) – Facilitate the development and implementation of a comprehensive IRWM Plan for the Monterey Peninsula region, including projects involving Carmel River resources, groundwater, recycled water, desalination, stormwater, flood control, ecosystem restoration, water conservation, and public recreation; conduct stakeholder outreach; prepare grant applications for specific projects; administer grant funds on behalf of the District and local area project proponents.

Water Demand

The Water Demand Division provides information and programs to achieve efficient water use and maximize available supplies. This is achieved through community education and outreach, development of incentives and training programs, and by implementing and enforcing permitting and conservation regulations, thereby reducing the community's need for potable water. The Water Demand Division strives to provide responsive and accurate customer service that exceeds the expectations of the people we serve.

Services include customer service related to permit review and processing, conservation program administration and reporting, site visits and inspections, water waste and rationing enforcement, rebate program administration, and data management and data systems design related to demand management. Other services include project and program coordination and training with eight local cities and county, local water purveyors, local and statewide agencies, builders, contractors, architects, Realtors and others. The Water Demand Division also reviews projects for environmental compliance related to water supply, collaborates with jurisdictions to develop and track efficiency standards and conditions for development projects, assists with ratemaking and proposes policies and programs to encourage and promote indoor and outdoor water efficiency, conservation, reuse, alternative water sources, and non-residential best management practices.

Environmental Resources

The Water Resources Division (WRD) is comprised of two staff functionary units, the Hydrologic unit and the Fisheries unit. Program responsibilities and services provided include surface and groundwater data collection and reporting programs, fishery protection activities in the Carmel River basin, quarterly water supply strategies and budgets for Cal-Am’s main and satellite water distribution systems, and the annual Carmel River Memorandum of Agreement among Cal-Am, CDFG and the District that governs reservoir releases to the lower Carmel River during the low-flow season. WRD staff coordinates closely with the Planning & Engineering and Water Demand Divisions on certain activities to more efficiently share internal staff resources and expertise.

Water Supply – Develop and implement plans for water supply augmentation projects; design, permit, construct, operate Seaside Basin ASR projects; analyze water supply project alternatives; operate water resources simulation models.

Fisheries Resource Program - Rescue stranded steelhead from the Carmel River; rear rescued fish at the Sleepy Hollow Rearing Facility (SHSRF); rescue downstream migrant smolts in spring and transport them to a holding facility or the ocean; prevent stranding of early fall and winter migrant juvenile steelhead; rescue steelhead kelts and transport them to a holding facility or the ocean; support future interagency captive brood-stock program for landlocked steelhead during successive years of drought; prepare designs, retain contractors and manage construction contracts for SHSRF projects.

Hydrologic Monitoring Program - Conduct: (a) precipitation monitoring, (b) streamflow monitoring, (c) reservoir and groundwater storage monitoring, (d) surface water and groundwater production monitoring,(e) surface water and groundwater quality monitoring, and (f) Carmel River lagoon water level, quality, bathymetric and habitat

Water Resources Management – Prepare quarterly water supply strategy budgets; participate in annual Carmel River Low Flow Memorandum of Agreement process; conduct monitoring and management functions as part of Seaside Basin Watermaster Monitoring & Management Plan; provide technical assistance and expert testimony on Cal-Am rate cases before the CPUC; prepare annual Mitigation Program reports.

Water Use and Permitting – Collect, analyze and report data from approximately 1,000 wells and other sources for annual District-wide water production summary; coordinate with Planning & Engineering and Water Demand Divisions on Water Distribution System permitting.

GLOSSARY

Glossary

Article XIII (B):

Article XIII (B) is a section of the California State Constitution relating to the amount of a public entities tax revenues that may be expended in a given fiscal year. In the instance of the MPWMD, the article limits the amount of property tax revenue that may be spent in a fiscal year. It is calculated based upon the prior year's limit multiplied by a factor representing annual growth in population and consumer prices. The latter is furnished by the State Treasurer's Office. The calculation, required since the passage of Proposition 13 in 1978, is contained in each District budget and is identified as "Property Tax Appropriation."

Budget Assumptions:

The budget assumptions are generally accepted statements, which if untrue, would materially alter the financial planning and budget of the agency.

Capital Assets:

Capital assets are equipment and components that have a useful life greater than one year and with an initial, individual cost of more than \$1,000 for equipment and \$5,000 for facilities and improvements.

Contingency:

The contingency is a nominal amount budgeted for expenditure for unforeseen emergencies or special purposes requiring Board approval.

Designated Reserves:

Designated reserves are funds set aside by the Board for specific, restricted uses. Examples include capital equipment, litigation, flood/drought, and pre-paid expenses.

Expenditures:

Expenditures are associated with each operating fund, as well with each program category. Personnel costs, services and supplies, capital assets and project expenditures are the principal categories. A pie chart graphically shows percentages of expenditures by line item.

Fiscal Year:

The fiscal year is the twelve-month period beginning July 1 and ending June 30 of the following year. The District uses the fiscal year as the basis for reporting financial information a twelve-month accounting period.

General Operating Reserves:

General operating reserves are the balances in each operating fund of the District that remain after all budgeted expenses are paid. Normally, the general operating reserve balance is carried forward from one fiscal year to the next. The value is verified annually by the independent auditor and reported in the annual audit report.

Labor Allocation by Operating Funds:

The Labor Allocation by Operating Funds is a budget schedule that relates employee output to the three operating funds. It shows the output of each employee as a percentage of total time by operating fund. This percentage is used throughout the budget as the basis of allocating general and administrative (overhead) costs to the operating funds.

Labor Allocation by Program Category:

The Labor Allocation by Program Category is a budget schedule that relates employee output to the budgeted program categories. It shows the output of each employee as a percentage of total time by program category. This percentage is used throughout the budget as the basis of allocating general and administrative (overhead) costs to the program categories.

Mitigation Revenue:

This is the revenue derived from the Agreement for Carmel River Mitigation Program between California American Water and Monterey Peninsula Water Management District.

Program Categories:

Program Categories are major service programs that have been identified. All expenditures, including labor costs, are allocated to each program category in order to identify what each program actually costs.

Project Expenditures:

The Summary of Project Expenditures is a listing of costs for the coming year that are projected as a result of specific projects and programs carried-out by the staff, consultants and contractors. Project expenditures do not include staff compensation for regular employees. It does include Pure Water Monterey water purchase costs.

Reimbursement Revenues:

Reimbursement revenues are received from various sources and allocated to offset expenditures related to the revenue source. These reimbursements received by the District are for projects carried-out by the District. Some of these reimbursements include grants, Cal-Am Water Conservation & Rebate Program funds, ASR operations reimbursement, direct-billed reimbursements, etc. All of the reimbursement revenues collected within the fiscal year is related to the expenses in the same fiscal year.

Revenues:

Revenues are derived from various sources and allocated to each operating fund. Property taxes, permits fees, water connection charges, water supply charge, Pure Water Monterey water sales revenue, user fees, interest on investments, reimbursements to the District for projects carried-out by the District and grants are the principal revenue sources. Revenues may include a portion of the prior-year fund balance used to offset expenditures. A pie chart graphically shows percentages of revenues according to source.

User Fees:

The User Fee is a percentage of Cal-Am ratepayers water bill that is collected and remitted by Cal-Am monthly. The proceeds of the User Fee have been used to support the District's environmental mitigation, conservation and rationing, water supply, and any other purposes.

Water Supply Charge:

The Water Supply Charge is a rate or charge that funds costs related to the provision of water. This annual charge raised by the District, 100% of which will support District water supply activities, including capital acquisition and operational costs for Aquifer Storage and Recovery, Groundwater Replenishment, and related water supply purposes for the general benefit of the District as a whole.

Abbreviations:

ASR – Aquifer Storage Recovery

IRWM – Integrated Regional Water Management

OPEB – Other Post-Employment Benefits

PWM – Pure Water Monterey

SHRF – Sleepy Hollow Rearing Facility
